DEDICATION

A yearbook is a storehouse of memories; some happy, others sad and troubled, but time has a way of erasing all except pleasant happenings.

As we look back at the days spent in Agricola High School, we realize how much we are indebted to our parents for having made it possible for us to spend this pleasant time in school. And so, it is with a feeling of humility and of pride that we dedicate this 1952-53 volume of our year book, "The Warrior," in appreciation of your many sacrifices and encouragements, to you-our Parents.
